

Coffee break with a golden touch!

Lynx
Luxury coffee break

Coffee break luxury #1

More creamy beverages!

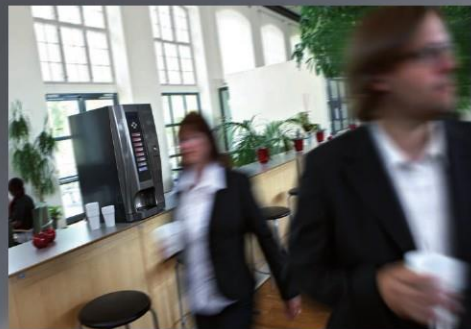

The new designed Lynx from Jede with its built in whippers toams the coffee and chocolate into an exclusive beverage.

Coffee break luxury #4

Get your cup quickly!

Sometimes you need to take your coffee break quickly, especially when a lot of people have their break at the same time. It takes around 10 seconds for the Lynx to deliver your beverage.

Coffee break luxury #5

Refreshing cold water!

By combining Lynx hot beverages with refreshing cold water you get a machine covering all your needs. You are also helping the environment by avoiding unnecessary water transportations.

(Option)

Coffee break luxury #6

Saves money and helps the environment!

Lynx is equipped with an intelligent energy saving function S.L.E.P. (Self Learning Energy Preservation) registering and adapting the coffee break habits at your work place. Lynx will automatically turn over to S.L.E.P. function when the work place is unmanned. The effect can be up to 40 percent lower energy consumption.

Coffee break luxury #3

Mix your own unique cup!

Digital display showing the procedures

Choose from three different drink strengths

Add extra whitener
